

# TOY GUN BRAND

## SCOPE

### AVIENT SOLUTION

Customized Nymax™ BIO Bio-based Polyamide Solutions

### WHY AVIENT?

- Delivered good dimensional stability with a low water absorption level
- Offered better performance and surface finish without visible fibers as compared with normal glass fiber-filled PA6 and PA66
- Formulated with 20-30% bio-based content, offering low product carbon footprint values to help meet the customers' sustainability goal
